

Karen Liska

CPA | Senior Manager

Karen has over 20 years of experience in public accounting and works primarily with small businesses, such as S-Corporations, partnerships and LLCs, and their owners.

Her experience includes tax planning, research and compliance work for a variety of companies in several industries, including auto dealerships, manufacturing, real estate, professional services and wholesaling. She also works with her clients on cost segregation studies and like-kind exchanges.

A common thread through most of Karen's clients is that they are closely held businesses which require planning for both the company and individual owners.
