This Organizer is provided to help you gather and organize information relating to preparation of your corporate income tax returns.

If you maintain your organization's books using a bookkeeping system such as QuickBooks, Quicken or Excel, you can provide us with a profit and loss statement and balance sheet rather than completing the income and expense and balance sheet sections of this organizer.

If you would like our accounting staff to prepare organizational income and expense reports for you, there will be an additional fee to do so. If you prefer this option, please provide us with the following documents:

- ☐ Business bank statements for all months of the year
- ☐ Credit card statements (for business-use credit cards)
- ☐ Receipts for cash purchases not shown on bank or credit card statements
- ☐ Checkbook register
 - Identify all checks by entering an expense category in the memo section
 - Identify a personal withdrawal of funds from your business account as "Shareholder Distribution"
 - Identify a deposit of personal funds to your business account as "Shareholder Contribution." If contributions and distributions were made for more than one shareholder during the year, provide separate information for each shareholder.
